AND MORE...

WHO WE ARE

Our homes are always evolving, whether a busy hub for an on-the-go family, or a tranquil hideaway for two, each of us has a different vision of what makes the perfect home.

However you imagine your dream home, we can help you to create it. At Narrow Lane Design we have built partnerships with a network of exceptional suppliers to make sure we can offer the finest products from world renowned manufacturers.

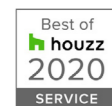

Explore this brochure to see a selection of projects we are proud of and to find out everything you need to know about our processes.

AWARDS

Since being founded in 2018 we have strived to create designs of the highest quality and to offer exceptional customer service. We have been privileged to be recognised for our hard work by these organisations.

2020 - Houzz award for Customer Service

2020 - Prestige Awards Residential Interior Designer of the Year

LUXURIOUS. BOLD. MINIMAL.

This handleless kitchen features a dramatic contrast of textures, tactile concrete in deep anthracite balances with the elegant matt paint finish in platinum grey. This is complemented with accents in luxurious satin glass.

The basis of this unique concept was the central console on the island. It provides the structural support for the suspended cabinets, practically houses the electrical sockets and creates a subtle division between the working and living areas of the kitchen.

AFTER...

Lighting can transform the mood in a room, bright light for cooking and prep, low, mood lighting for entertaining.

A second oven was considered so that vegetarian meals could be cooked separately.

“ THE WHOLE ROOM IS PERFECTLY DESIGNED SO THAT WE HAVE SPACE TO ENTERTAIN - SOMETHING WE LOVE TO DO. ”

SOPHISTICATED.
TIMELESS.
REFINED.

This classic bathroom is designed to complement the period features of a 1920s home.

Modern practicalities such as the walk in shower are made in keeping with the traditional style brassware in chrome with white ceramic detailing.

Concealed fixtures create a more streamlined, spacious feel.

A freestanding bath is a dramatic statement and will become the focal point of the room.

“EVERY DETAIL IS SO BEAUTIFULLY CONSIDERED. PERFECT FOR WHEN I NEED TO UNWIND.”

STYLISH.
LINEAR.
INTIMATE.

The sculptural doors in this contemporary master bedroom are beautifully crafted and create the effect of a three dimensional mural.

To avoid the glare of standard ceiling spotlights a feature ceiling was built, and surrounded with remote controlled LED lighting.

“THE QUALITY OF THE
FURNITURE SPEAKS FOR ITSELF,
IT'S SO PRACTICAL BUT LOOKS
LIKE A WORK OF ART.”

OUR 3 STEP DESIGN PROCESS

1.

FREE CONSULTATION MEETING

The first step is a free of charge meeting which takes place in your home. We visit you completely at your convenience, even if you are only available out of working hours or at weekends.

During the consultation, your designer will carry out a detailed survey, bring samples, examples of past projects and product catalogues to help build a brief for your project and work out a realistic budget.

This is your opportunity to find out if we are the right supplier for you and if not... there's no obligation to continue. The appointment will generally last a maximum of 2 hours and by the end you should have a clear idea of the style, duration and cost of your project.

2.

PRESENTATION OF DESIGNS & QUOTATIONS

At this stage you will get to see your design come to life as 3D rendered images. We will discuss the layout and discuss the products we have recommended.

By now we will have assembled prices from our numerous specialist suppliers, to offer you a competitive quotation... and you still haven't had to leave your house!

3.

EXPERT INSTALLATION & PROJECT MANAGEMENT

Once all of the details are finalised it is time to order your products and book in your installation start date. We will be on hand to manage the whole process and can organise any installation services from structural and preparation works to finishing touches like painting and decorating.

It's as simple as that!

Call today to book your free consultation: **0116 283 8711**

The logo for Narrow Lane Design features the words "NARROW LANE" in a large, bold, white, sans-serif font. Below "NARROW LANE", the word "DESIGN" is written in a smaller, white, sans-serif font. To the left of the text is a stylized graphic consisting of two overlapping rectangular outlines, one slightly offset from the other, creating a sense of depth or a frame.
